Exceptional careers in an unexpected place.

# About Our IT Program

It's an exciting time for Information Technology professionals working at California Correctional Health Care Services (CCHCS). In a few short years, we have rolled-out nearly 20 major Information Technology projects — a number rarely attempted by a single state agency. At CCHCS, we are in the health care business and our IT program is delivering new health care systems for our various programs, such as pharmacy, scheduling and laboratory services.

To help our organization accomplish our mission, we are actively recruiting professionals in the following state IT classifications:

- Information Systems Analyst (series)
- Programmer Analyst (series)
- Project Manager (IT)
- Systems Software Specialist (series)

If you want to really grow your skills, this the place to do it. The Health Care IT field is rapidly growing, and there's never been a better time to join it. If you have the drive and talent to excel in a high performing Department, then you will love working for CCHCS.

## About Our Location

Our offices are located in a brand new campus setting in the heart of Elk Grove. They are situated near a beautiful estuary with multiple walking paths. If you appreciate the outdoors, you will enjoy this relaxing environment. Our offices include free parking and are also close to some of the biggest names in shopping, restaurants and entertainment.
