6.1 HEALTH INFORMATION MANAGEMENT OVERVIEW POLICY	Attachments: Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>

I. POLICY

California Correctional Health Care Services, Health Information Management shall:

- Ensure availability of accurate and complete patient health information to authorized users.
- Ensure quality of patient health related information.
- Ensure privacy and security of patient health information.
- Ensure access to health records to support patient health care needs.
- Ensure appropriate quality controls and other monitoring mechanisms for all ambulatory, inpatient, and outpatient documentation.
- Manage the release of Protected Health Information, to include use and disclosure and other release of information processes and functions.
- Ensure appropriate coding such as International Classification of Diseases is completed for all inpatient admissions.

II. PURPOSE

To ensure maintenance, storage, retrieval, accessibility, retention, and destruction of patient health information. “The legal health record is the documentation of healthcare services provided to an individual during any aspect of healthcare delivery in any type of healthcare organization” (American Health Information Management Association: Fundamentals of the Legal Health Record and Designated Record Set). Patient records consist of paper-based records, electronic records, and other media that documents the patient’s health care.

III. RESPONSIBILITIES

- A. The Chief Executive Officer or designee, Health Records Technician III, and Health Records Technician II of each institution are responsible for the implementation, monitoring, and evaluation of this policy.
- B. Under the direction of the Deputy Director, Medical Services, the Medical Record Directors at headquarters are responsible for the oversight, implementation, monitoring, and evaluation of this policy through consultation services pursuant to Title 22.
