

ADDENDUM No. 3

June 9, 2009

Cancellation of RFP

California Prison Health Care Services (CPHCS) has recently been reviewing all of its initiatives that were planned for this next fiscal year, including the services within this RFP for Laboratory Services Management Assistance. These reviews are in response to California's fiscal situation, which has been well publicized. CPHCS has decided to focus our Laboratory Services improvement initiative on much smaller and less costly scope for the next fiscal year, which postpones many of the broader actions embodied in this RFP.

Therefore, CPHCS cancels this RFP in accordance with the "Reservation of Rights" subsection in RFP Section VII, Submittal Requirements. The "Reservation of Rights" subsection states the following:

"The Receiver reserves the right to do the following at any time, at the Receiver's discretion:

- a. Reject any and all Proposals, or cancel this RFP. ..." (RFP, p. 27.)

CPHCS wishes to extend our thanks to the vendor community for their interest and participation in this procurement to date. We hope that our actions are understandable in light of California's current fiscal situation. Please continue to periodically monitor our web site (<http://www.cphcs.ca.gov/>) for CPHCS news and other procurement opportunities in the future.
